CUSTOM PROGRAMS

1 SHARE YOUR VISION

Once you submit our Questionnaire, one of our specialists will be in touch quickly. Connect with your institution's study abroad office or coordinator to confirm the process for program approval.

2 DEVELOP AND COMMIT

CIEE will draft a program proposal that meets your academic goals and budget. We will also draft an agreement outlining expectations for all parties and work with your institution to gain the required signatures (ideally six months prior to your program's start date).

3 SPREAD THE WORD

When your program is approved by your institution, it's time to begin student marketing. We can help!

4 FINE-TUNE THE DETAILS

Collaborate and communicate with your CIEE Custom Program Manager and on-site staff to ensure every detail of your program has been addressed to your satisfaction.

5 BEGIN THE PRE-DEPARTURE PROCESS

Submit your program participant list to CIEE to start the pre-departure document process.

Attend a final itinerary walk-through call with CIEE on-site staff.

Participate with your students in an Online Pre-departure Orientation.

6 EMBARK AND ENJOY

CIEE staff will welcome you on-site and provide an orientation for you and your students.

A CIEE Program Assistant will accompany you on CIEE-coordinated activities to ensure everything runs smoothly and provide 24/7 emergency support.

EXPERIENTIAL LEARNING TO BRING YOUR CURRICULUM TO LIFE

CUSTOM INTERNSHIP PROGRAMS

Offer your students real-world global work experience with an internship program customized to your institution's requirements.

MODIFIED PROGRAMS

Take advantage of CIEE's extensive curricula and unique program models by customizing a program based on an existing CIEE program. CIEE can adjust the academics and other program inclusions to suit your needs.

FACULTY-LED PROGRAMS

Lead a program abroad with your students as part of a semester or summer course through your institution. Take advantage of CIEE's network of support on health and safety, logistics, and academics.

CUSTOM SEMESTER PROGRAMS

Develop a signature, custom program for your department or institution that can be integrated into your students' curricula. CIEE can hire faculty to teach specific courses, and deliver health and safety and logistics support.
